(Received 16 March 2016; accepted 21 March 2016; published online 29 April 2016)

The following equation on page 2 of the original manuscript:1

\[ \frac{dE_g}{dT} = \left( \frac{dE_g}{dT} \right)_V + \frac{3\alpha_L}{K} \left( \frac{dE_g}{dP} \right)_T, \]

should instead read according to Baleva et al.2

\[ \frac{dE_g}{dT} = \left( \frac{dE_g}{dT} \right)_V - 3\alpha_LK \left( \frac{dE_g}{dP} \right)_T. \]

This error was only in the transcription of the equation and does not change the interpretation of the results.
