

Correction to "An Inhomogeneous Fault Model for Gaps, Asperities,  
Barriers, and Seismicity Migration" by John B. Rundle,  
Hiroo Kanamori, and Karen C. McNally

In the paper "An Inhomogeneous Fault Model for Gaps, Asperities, Barriers, and Seismicity Migration" by J. B. Rundle, H. Kanamori, and K. C. McNally (*Journal of Geophysical Research*, 89(B12), 10,219-10,231, 1984), there is a minor typographical error in equation (47). It should read

$$\delta_0 = \frac{\tau^\infty - \tau_0}{L} \left( \frac{D_0}{\xi} \right) + 2 \frac{\tau_0 - \tau_i}{S_{1313} L} \left( \frac{D_i}{\xi} \right)$$

(Received November 6, 1985.)
