

**Theory of Photon Bands in Three-Dimensional Periodic Dielectric Structures**  
**[Phys. Rev. Lett. 64, 1239 (1990)]**

S. Satpathy, Ze Zhang, and M. R. Salehpour

On p. 1238, Eq. (5) should read

$$\left[ |\mathbf{k} + \mathbf{G}|^2 - \frac{\omega^2 \epsilon_b}{c^2} \right] C_{\mathbf{G}} + \sum_{\mathbf{G}'} V(\mathbf{G} - \mathbf{G}') C_{\mathbf{G}'} = 0.$$

The correct equation was used in the numerical calculations.

The experimental point marked by the triangle in Fig. 4(b) should be placed at  $(\epsilon_b = 12.25, \beta = 0.86)$ .

**Testing the Inverse-Square Law of Gravity in Boreholes at the Nevada Test Site**  
**[Phys. Rev. Lett. 65, 1173 (1990)]**

J. Thomas and P. Vogel

Reference 18 should read: C. C. Speake *et al.*, Phys. Rev. Lett. **65**, 1967 (1990).
