

Metolius

A topographic map of California showing elevation contours and major river networks. The map is color-coded by elevation, with green representing higher elevations and yellow/tan representing lower elevations. Dashed lines indicate state boundaries. Five black dots mark specific sampling locations: Metolius in the north, Niwot in the east, and two locations in the Sierra Nevada mountains labeled 'Sierra high elev.' and 'Sierra low elev.'.

Niwot

Sierra high elev.

Sierra low elev.
